📍 Krakowskie Przedmieście 3, 00-927 Warszawa, Poland 🔗 Homepage 🆔 ORCID

Personal information

Date of birth: January 23, 1996

Place of birth: Brescia, Italy

Languages: Italian (native), English (fluent), German (B1)

Research interest

Reverse mathematics; Computability theory; Ramsey theory; Ordinal analysis; Scott analysis

Employment

Postdoc: Faculty of philosophy, University of Warsaw, Poland Apr 2026 to present
 “Structural complexity measures for foundational theories” P.I. Mateusz Łeżyk

Education

Ph.D.: Mathematics, University of Udine, Italy (supervisor: prof. Alberto Marcone) Nov 2022 to Mar 2026
 Visiting scholar at UConn, Storrs, Connecticut, US (hosts: prof. Damir Dzhafarov, prof. Reed Solomon) Jan 2023 to Apr 2023
 Visiting scholar at NUS, Singapore (host: dr. Jun Le Goh) Sep 2025 to Oct 2025

M.Sc.: Mathematics (LM-40), University of Trento, Italy Jan 2019 to May 2021

B.Sc.: Mathematics (L-35), University of Trento, Italy Aug 2015 to Nov 2018

Graduate schools

Summer School on Proof Theory Ghent, Belgium
 Sep 2025
 1 week

Reverse mathematics: new paradigms ESI Vienna, Austria
 Jul 2025 to Aug 2025
 1 week

IMS graduate summer school in logic Singapore
 Jun 2023 to Jul 2023
 3 weeks

Computability and combinatorics summer school 2023 Hartford, Connecticut
 May 2023
 1 week

Discrete mathematics and logic: between mathematics and the computer science Marseille, France
 Jan 2023
 1 week

Teaching experience

Teaching assistant, University of Udine, Italy:

- Geometry I, B.Sc. in mathematics, Sep 2024 to May 2025
- Linear algebra, B.Sc. in engineering, Sep 2024 to Dec 2024
- Calculus I, B.Sc. in mathematics, Nov 2023 to Dec 2023
- Calculus I, B.Sc. in informatics, Sep 2023 to Oct 2023
- Calculus I, B.Sc. in informatics and IBML, Jan 2023 to Sep 2023

Teaching assistant, University of Trento, Italy:

- Geometry and linear algebra, B.Sc. in engineering, Sep 2020 to Dec 2020
- Geometry and linear algebra, B.Sc. in engineering, Jan 2020 to May 2020
- Geometry I, B.Sc. in mathematics, Sep 2019 to Dec 2019
- Geometry and linear algebra, B.Sc. in engineering, Jan 2019 to May 2019

Publications and ongoing research

- [1] **The barrier Ramsey theorem**, joint with Alberto Marcone and Antonio Montalbán, *Trans. Amer. Math. Soc.*, DOI: [10.1090/tran/9784](https://doi.org/10.1090/tran/9784) [↗](#)
- [2] **Reverse mathematics and dimension of posets**, joint with Alberto Marcone, *J. Symb. Log.*, DOI: [10.1017/jsl.2026.10213](https://doi.org/10.1017/jsl.2026.10213) [↗](#)
- [3] **Effectiveness and strong graph indivisibility**, joint with Damir Dzhafarov and Reed Solomon, [arxiv:2411.16950](https://arxiv.org/abs/2411.16950) [↗](#) (submitted)
- [4] **The strength of Ramsey theorem for α -large sets**, joint with Lorenzo Carlucci and Konrad Zdanowski, [arxiv:2603.22579](https://arxiv.org/abs/2603.22579) [↗](#) (submitted)

Conferences attended

Roma Logica: The Forum Rome, Italy	Oct 29-30, 2026
Colloquium Logicum 2026 Würzburg, Germany	Sep 21-24, 2026
Jaf 45 Warsaw, Poland	Sep 16-18, 2026
Proof Society Aussois, France	Sep 7-11, 2026
Computability in Europe 2026 Trier, Germany	Jul 27-31, 2026
Workshop on Proof Theory Ghent, Belgium	Sep 4-5, 2025
Computability in Europe 2025 Lisbon, Portugal	Jul 14-18, 2025
Reverse mathematics ESI Vienna, Austria	23 Jun-29 Aug, 2025
Weihrauch Complexity: Structuring the Realm of Non-Computability Schloss Dagstuhl, Germany	Mar 23-28, 2025

XXVIII AILA logic meeting 2024 Udine, Italy	Sep 3-6, 2024
Models, sets and classifications PRIN meeting 2024 Udine, Italy	Sep 2, 2024
Leeds computability days 2024 Leeds, UK	Jul 2-5, 2024
Logic colloquium 2024 Gothenburg, Sweden	Jun 24-28, 2024
RaTLoCC Pisa, Italy	Jun 11-14, 2024
Computability and combinatorics conference 2023 Hartford, Connecticut	May 19-21, 2023

Invited talks

Roma logica: the forum University of Rome, Italy Presentation title: Path Ramsey theorems and transitive colorings	Oct 29, 2026
--	--------------

Selected talks

Colloquium logicum 2026 University of Würzburg, Germany Presentation title: Path Ramsey theorems and transitive colorings	Sep 21, 2026
Proof society 2026 Centre Paul-Langevin, France Presentation title: Scott analysis of models of RCA_0	Sep 8, 2026
Computability in Europe 2026 University of Trier, Germany Presentation title: Reverse mathematics and dimension of posets	Jul 27, 2026
Seminar mathematical logic University of Warsaw, Poland Presentation title: The strength of Ramsey's theorem for α -large sets	Apr 29-May 13, 2026
Computational logic seminar TU Wien, Austria Presentation title: The strength of Ramsey's theorem for α -large sets	Apr 22, 2026
Sapienza LOC3 seminar University La Sapienza, Italy (Invited) Presentation title: Effectiveness and strong graph indivisibility	Nov 7, 2025
Singapore logic seminar National University of Singapore, Singapore (Invited) Presentation title: Effectiveness and strong graph indivisibility	Sep 17, 2025
Proof society 2025 University of Ghent, Belgium Presentation title: The barrier Ramsey theorem <i>Winner of the best student presentation award of Proof Society 2025</i>	Sep 4, 2025
Computability in europe 2025 University of Lisbon, Portugal Presentation title: The strength of Ramsey theorem for α -large sets	Jul 18, 2025
Logic working group University of Udine, Italy Presentation title: Effectiveness and strong graph indivisibility	Feb 21, 2025
XXVIII AILA logic meeting 2024 University of Udine, Italy Presentation title: Reverse mathematics and dimension of posets	Sep 5, 2024
Models, sets and classifications PRIN meeting University of Udine, Italy Presentation title: Classifying the pigeonhole property	Sep 2, 2024
Logic colloquium 2024 University of Gothenburg, Sweden Presentation title: Largeness notions	Jun 26, 2024
Logic working group University of Udine, Italy Presentation title: Transfinite Ramsey theorem	Jun 14-21, 2024
Connecticut logic seminar UConn, Storrs, Connecticut, US (Invited) Presentation title: Reverse mathematics and dimension of posets	Feb 20, 2024
Computability seminar CUNY graduate center, New York, US (Invited) Presentation title: Largeness notions	Feb 16, 2024
Logic working group University of Udine, Italy Presentation title: Reverse mathematics and dimension of posets	May 12, 2023

Organizing activities

World logic day "Le macchine di Turing" University of Udine, Italy Local organizing committee	Jan 14, 2025
XXVIII AILA logic meeting University of Udine, Italy Local organizing committee	3-6 Sep, 2024
World logic day "Contare l'infinito" University of Udine, Italy Local organizing committee	Jan 13, 2023
Logic working group "Sets and computability in Udine", University of Udine, Italy Website management	Dec 2022 to Oct 2025

Memberships

Proof Society

CiE Computability in Europe

ASL Association for symbolic logic

Awards and grants

Proof Society 2025, Ghent, Belgium: Best student presentation award (EUR 1000)

ASL Student travel grant 2025, Ghent, Belgium: Proof Society 2025 (USD 250)

ASL Student travel grant 2024, Gothenburg, Sweden: Logic Colloquium 2024 (EUR 300)

Bando di mobilità 2023-2024, Udine, Italy: Research visit to UConn (EUR 1500)
